

# Scarlet Pussy

## Prince

Once upon a time in the land of fever, there lived a scarlet pussy  
This kitty cat of fine descent, was cherished by her mother  
Who wouldn't let another, pet her, unless he was qualified  
Every 1st of the month this pretty  
feline got the hots  
And that's when the neighborhood (D-d-dogs)  
They'd line up around the block  
Meow  
When my little scarlet feline roars  
The locals come around (Come Around)  
When they see the scarlet light  
They know it's time to come chase her down (Chase her down)  
Lo and behold the fantastical  
way  
In which their bodies groove  
My scarlet pussy's furry magic alters any mood  
Scarlet Pussy (It's cool)  
Scarlet Pussy  
Pussycat, pussycat  
Wherefore art thou, puppy?  
She can make U crazy if U're too close to her heat  
She can make U sad when U're happy as can be  
She can make U shoot your ego all over her sheets  
All is hers in love and war, my little scarlet pussy  
Every dog would try his lines  
To get pussy's attention ((...))  
All they want is so exposed  
In ways too gross to mention (Eew!)  
Green virgin teenager  
A filthy rich yuppie  
Pussycat pussycat  
Wherefore art thou puppy?  
Scarlet Pussy  
She can make U crazy if U're too close to her heat  
She can make U sad when U're happy as can be  
She can make U shoot your ego all over your sheets  
All is hers in love and war, my little scarlet pussy  
Meow  
Now what's going on?  
Oh, no, man, look out!  
Somebody come get this meow-meow of my leg!  
MEOW!  
Scarlet Pussy  
Pussycat pussycat  
Wherefore art thou, puppy?  
Meow  
She can make U crazy if U're too close to her heat  
She can make U sad when U're happy as can be  
She can make U shoot your ego all over her sheets  
All is hers in love and war, my little scarlet pussy  
All is hers in love and war, my little scarlet  
pussy  
She can make U happy, she can make U sad  
She can make U crazy (Crazy)

She can make U shiver from your head down to your feet  
She can make U shoot your ego all over her sheets (Oh!)She can make U crazy if U're too close  
to her heat

She can make U sad when U're happy as can be  
She can make U shoot your ego all over her sheets  
All is hers in love and war, my little scarlet pussy
