

Industry Groupie

Chamillionaire

[Intro]

Yeah on behalf of Chamillitary Entertainment
I'd like to extend my deepest apologies
To anyone who feels they are offended by the following content
Now that we done with all of the non sense
If you know you not a groupie, make some noise! [the crowd goes wild][Chorus]

G*R*O*U-P*I*E

[That's right] Told me that she ain't a freak [2X]

Told me that she ain't a freak [2X]

G*R*O*U*P*I*E

Told me that she ain't a freak [2X]

You was kinda high matienence to me
Want my paper but you'll let my partner sleep with you for free
Baby, I thought that you were in love with me
But obviously, your just a groupie. [Groupie Love]

[Verse 1]

See, I got a clue when Young Dro said his girlfriend got a girlfriend
That girlfriend of his girlfriend's had Chamillionaire as her man
Then T-Pain said he was sprung, said he had fell in love with a stripper
I shoul'da known that you was the stripper that was on the pole tuggin on his zipper
Kanye said that you was a gold digger, You always wanted to be major paid.
I turned on my TV and then I seen you kissin on Flava Flav
We was both fans of UGK, we was both dreaming bout ridin blades
While I was dreaming, you was gettin laid on everybodys bed and I was getting played.
Yung Joc knew that we was cool, said he knew he didn't stand a chance
You stood still while my song played and his came on and you did his dance
You kept begging me for romance, I kept telling you that's enough
You turned on my boy Juvenile and then proceeded to back that up.
Pitbull said Culo and I ain't even that good at spanish.
But I knew he was talking to you, I was down with you so I couldn't stand it
Don't try to lie, Don't try to cry, Ain't nothing more for us to talk about
Like Unk said take two steps towards the door and just walk it out

[Chorus][Verse 2]

Gave Bun B a little groupie love, you gave Pimp C a little groupie love.
And then you bumped into the whole Screwed Up Click and gave every member in the group a
hug.

Even messed with my boy Slim Thug, he pulled up, you had a heart attack.
You tried to mess with Game and 50 but neither one of them called you back.

Ask J.R., my car was pushed to the limit on Cool & Dre

Plus Rick Ross was ~Hustlin~ that money outcha like everyday.

You knew that I loved you was those three words that I'd never say
Now your business all over the radio and its the penalty that you have to pay.

You made the choice to go and be a freak, even Akon been smacking that.
Her plan was to get ran through by a line backer or a quarterback
R Kelly didn't have to tell me about your bump-n-grind and your foreplay.
I found out and I asked you if this was true, you said no way
Birdman said Believe Dat, T.I.P. was like Shawty!
Then Young Jeezy said That's Right! and Lil' Jon said Okay!
Heard you was messin with Ray J, you did a flick is what they say
I ain't even wanna look at the tape until P.Diddy said Press Play.[Chorus][Outro]
To be continued-----
