

# Body On Me

Nelly

The way that you walkin, the way that you talkin  
You're the one I want to spend this night with  
Tryna get in them draws and bang it out til the morning  
I can already tell you want it  
Cause you shakin it all for me, givin it all to me  
Rubbin dat body on me  
Keep on shakin it all for me, givin it all to me  
Rubbin dat body on meHey how you doin mama  
I need to know ur name  
You givin me the eye eye  
I'm givin you the same  
It just hit me right now  
What we should do today  
Go tell you friends bye bye  
And lets go hop a plane  
It's no mistaken the attractions ironic  
I wanna make you someone more then just a a bon in my closet  
I wanna win that type of relationship  
Where you wanna come hang when your man is trippin  
You say your short this month and your late on your rent  
He took your car watchin me hold this  
Hey hey you see oohhhh  
You see lil mama outta control  
The way that you walkin, the way that you talkin  
You're the one I want to spend this night with  
Tryna get in them draws and bang it out til the morning  
I can already tell you want it  
Cause you shakin it all for me, givin it all to me  
Rubbin dat body on me  
Keep on shakin it all for me, givin it all to me  
Rubbin dat body on meShorty movin closer and closer  
And slower and lower yeah  
I think she know she makin me hard  
Got every man in the club like oh my God  
She slicker then lody dody  
She work her body body  
When you done her at the party  
Meet me down there in the lobby  
And I'll be waitin on yah  
And no debatin on yah  
I got a seat for yah  
We can let the top back and ohhhhhhhh

We don't have to stop girl nooooooooo  
I got a lil something I wanna show  
Believe me your strong  
Lil mama please don't make me wait too long  
The way that you walkin, the way that you talkin  
You're the one I want to spend this night with  
Tryna get in them draws and bang it out til the morning  
I can already tell you want it  
Cause you shakin it all for me, givin it all to me  
Rubbin dat body on me  
Keep on shakin it all for me, givin it all to me  
Rubbin dat body on me Now I see you lookin' at my body babe,  
And now you wanna come and put it on me  
If I gave it to you, could you promise me that  
You could make it feel like it never did  
Cause I see, and you see, now if I please, could you please?  
Now I ain't the one in no relationship,  
And I ain't tryna be the other chick  
I know you want it The way that you walkin, the way that you talkin  
You're the one I want to spend this night with  
Tryna get in them draws and bang it out til the morning  
I can already tell you want it  
Cause you shakin it all for me, givin it all to me  
Rubbin dat body on me  
Keep on shakin it all for me, givin it all to me  
Rubbin dat body on me
