

# Antidote

## Morcheeba

The skill it takes to create  
The pill to govern our state  
I'm thrilled to get this laid on  
I've spilt my last cradle song  
Oh, you won't feel insecure, for sure I've got the medicine  
To suit the mood you're in  
I've got the antidote here  
My friend will let us in  
No matter where we've been  
I've got the antidote here Go get a hit  
Eternalixir  
We'll fix a mixture now  
Go get a hit  
Eternalixir  
We'll fix a mixture now  
You served your country so well  
Usurped by the wrong personnel  
On that, on that bombshell  
Pray tell I've got the medicine  
To suit the mood you're in  
I've got the antidote here  
My friend will let us in  
No matter where we've been  
I've got the antidote here Go get a hit  
Eternalixir  
We'll fix a mixture now  
Go get a hit  
Eternalixir  
We'll fix a mixture now  
Go get a hit  
Eternalixir  
Go get a hit Go get a hit  
Let's fix a mixture  
Go get a hit Go get a hit  
Eternalixir  
Go get a hit Go get a hit  
Let's fix a mixture  
Go get a hit
