

TURN OFF THE LIGHTS

Dog Blood

Turn off the lights
Turn, turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn, turn off the lights
Lights, lights, lights, lights, lights, lights
Turn off the lights
Lights, lights, lights, lights, lights, lights
Turn off the lights
Turn off the lights
Turn, turn off the lights
Lights, lights, lights, lights, lights, lights
Turn off the lights
Lights, lights, lights, lights, lights, lights
Just like that
Turn off the lights
Turn, turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn, turn off the lights
Lights, lights, lights, lights, lights, lights
Turn off the lights
Lights, lights, lights, lights, lights, lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Turn off the lights
Just like that
What. what, what, I got you, dude
