

Oblivion

Chelsea Grin

I rest alone in a place
And I never thought I would be
I have given everything I am
Why must I feel empty?
Will I ever feel again?
I have given everything I am All must live with vivid nightmares
Of life after death
Plagued with images of a figure
Never know the face
How can I bare this?
Why must we bare this
Need to fulfill our nothingness
They call serenity? I want to break out of this place to embrace this hate
I shatter every mirror but yet you reappear
With a crooked smile and weathered face
The doors have been sealed shut
To keep the secrets that lie within
To deaths dark hollows I must fall to live in grace
Only when my heart stops I will truly live again Shatter every mirror but yet you reappear
With a crooked smile and weathered face
