

Forget About It

Alison Krauss

Forget about it
I'm admitting I was wrong and I'll just take what's mine and walk right out the door. Forget
about it
I'll split and I'll be gone and you'll have memories you'll find hard to ignore. Cause after all I'll
see you sometime baby when I can't recall how you drove me crazier. Forget about it
When forever's over I won't remember how much I loved you anymore. Forget about it
Put me out of your head now that your free and easy out there on the town.
Forget about it
When you're lyin' in bed just wishin I was there to lay on down Cause after all I'll see you
sometime baby when you will recall how I drove you crazier. Forget about those star-lit nights
layin by the fireside holdin' you tight
I can't remember when it felt so right
So just forget about it (Bridge) Forget about it
When you see me on the street don't look don't wave don't try to tease me with your
smile. Forget about it
If we chance to meet somewhere don't think it's cause I'm tryin' to reconcile.
Cause after all
I see you sometime baby
When I can't recall how you drove me crazier
Forget about those star-lit nights
Layin by the fireside holdin' you tight
I can't remember when it felt so right
So just forget about it
