

Untouchable

Tritonal & Cash Cash

We've been wondering in the dark
 A million miles apart
 Going nowhere
 Believe that even if we're lost
 You know it won't be long 'til we get there
 Spinning around no control
 Burning down I'm letting go
 We've been wondering in the dark
 When no matter where are
 Just remember We rise and we fall
 We'll stay
 We'll stay untouchable
 Yeah, after it all
 We'll stay
 We'll stay untouchable
 Time is slipping through our hands
 We're sinking in the sand to forever
 Lie, surrender to the dark
 But we could make a spark here together
 Hanging on by a thread
 We will climb back again
 Time is slipping through our hands
 It's hard to understand
 But remember We rise and we fall
 We'll stay
 We'll stay untouchable
 Yeah, after it all
 We'll stay
 We'll stay untouchable
 We rise and we fall
 We'll stay
 We'll stay untouchable
 Yeah, after it all
 We'll stay
 We'll stay untouchable We'll stay
 We'll stay untouchable We'll stay
 We'll stay untouchable
 We'll stay
 We'll stay untouchable
