

# Fade

## Staind

I try to breathe  
Memories overtaking me  
I try to face them but  
The thought is too much to conceive I only know that I can change  
Everything else just stays the same  
So now I step out of the darkness  
that my life became 'cause I just needed someone to talk to  
You were just too busy with yourself  
You were never there for me  
To express how I felt  
I just stuffed it down  
Now I'm older and I feel like  
I could let some of this anger fade  
But it seems the surface I am scratching  
Is the bed that I have made  
So where were you?  
When all this I was going through  
You never took the time  
To ask me just what you could do I only know that I can change  
Everything else just stays the same  
So now I step out of the darkness  
that my life became 'cause I just needed someone to talk to  
You were just too busy with yourself  
You were never there for me  
To express how I felt  
I just stuffed it down  
Now I'm older and I feel like  
I could let some of this anger fade  
But it seems the surface I am scratching  
Is the bed that I have made  
I never meant to fade...  
Away I NEVER MEANT TO FADE I just needed someone to talk to  
You were just too busy with yourself  
You were never there for me  
To express how I felt  
I just stuffed it down  
Now I'm older and I feel like  
I could let some of this anger fade  
But it seems the surface I am scratching  
Is the bed that I have made I try to breathe...
