

# Complaint Department

**Lykke Li**

Me, oh my, you thought you had something strong  
Me, oh my, it turned out that you were wrong  
Me, oh my, your luck seems to be no more  
Frightened to get up, fallen to the floor  
Me, oh my, you say what you're going through  
Funny you forgot 'cause that's the same thing from you If you wanna complain  
If you wanna complain  
I'm not the complaint department If you wanna complain  
If you wanna complain  
I'm not the complaint department If you wanna complain  
If you wanna complain  
I'm not the complaint department  
If you wanna complain  
Me, oh my, you thought you had something strong  
Me, oh my, it turned out that you were wrong  
If you wanna complain  
Me, oh my, your luck seems to be no more  
If you wanna complain  
Frightened to get up, fallen to the floor If you wanna complain  
I'm not the complaint department  
If you wanna complain  
I'm not the complaint department If you wanna complain  
I'm not the complaint department  
If you wanna complain  
I'm not the complaint department If you wanna complain  
I'm not the complaint department  
If you wanna complain  
I'm not the complaint department  
If you wanna complain  
I'm not the complaint department If you wanna complain  
I'm not the complaint department
