

# Lifeless Dead

## Mad Season

Lifeless dead, that unclean bed  
Till or when her hunger's fed  
How he'd wished that they would wed  
"I promise on our love" she said  
Promises were never kept  
Alone on dirty floor he slept Yeah, Lifeless Dead And although he'd not accept  
She was gone and so he wept  
Then a demon came to him  
"You must know I'm gonna win" Yeah, Lifeless Dead He said, she said  
She led him dead  
He said we bled  
She said not fed  
Lifeless Dead, Lifeless Dead  
Lifeless Dead, Lifeless Dead...
