

# Young & Free

Dermot Kennedy

Where do we go from here?  
Something came in with the night  
Snow came in heavy, my boys and me wandering blind (yeah)  
Well, it's temporary darling  
Now that bridge from Brooklyn to Manhattan heard all our lines  
Meant what I said, I want all of this all of the time Ooh when I'm gone  
At the dune with the dawn  
Well that's all I could want We were young  
We were free, come on now, let it go  
We were young  
We were free  
I was living in the cold, I'm coming home  
Perfect line to open with  
Her heart was never meant for this  
Oooh we're never over it  
We were young  
We were free (yeah yeah) All that she said to me stays with me, never to die  
Held me brand new in the silence that went through the pines  
Like I said already darling,  
I don't want you looking back at all the ghosts left behind  
Know you'll stay near me so road remains hopeful this time We were young  
We were free, come on now, let it go  
We were young  
We were free  
I was living in the cold, I'm coming home  
Perfect line to open with  
Her heart was never meant for this  
Oooh we're never over it  
We were young  
We were free (yeah yeah) Keep it another fortnight, keep it another fortnight  
All I'll ever know, baby we were bound to burn  
Keep it another fortnight, keep it another fortnight  
All I'll ever know, baby we were bound to burn  
Baby we were bound to burn We were young  
We were free, come on now, let it go  
We were young  
We were free  
I was living in the cold, I'm coming home Perfect line to open with  
Her heart was never meant for this  
Oooh we're never over it  
We were young  
We were free (yeah yeah) Oh, when I'm gone

At the dune with the dawn  
Well that's all I could want
