

What You See Is What You Get

Luke Combs

I'm a puzzle
I'm a walking contradiction
In far from mint condition
'Cause there's pieces I can't find
Sometimes trouble
A can of cope a day addiction
With set in stone convictions
And a no bend bottom line I'm an easy read but I ain't no open book
Got a knack for making things harder than they look
I'm a straight shooting
Beer drinking, rule breaking
Don't think I won't take a good thing too far
I'm a midnighing, backsliding
Getaway car driving
Running away with your heart
I guess, be careful what you wish for, is all I meant when I said
What you see is what you get At least I'm honest
I don't spin it like a record
And I ain't acting like I'm better
Than you know I really am
Yeah, you're dead on it
You got me figured, I'll admit it
Set in my ways hard-headed
But hell, I do the best I can
I'm a straight shooting
Beer drinking, rule breaking
Don't think I won't take a good thing too far
I'm a midnighing, backsliding
Getaway car driving
Running away with your heart
I guess, be careful what you wish for, is all I meant when I said What you see is what you
get With me ain't no tricks up these sleeves
An acquired taste, a constant work in progress I'm a straight shooting
Beer drinking, rule breaking
Don't think I won't take a good thing too far
I'm a midnighing, backsliding
Getaway car driving
Running away with your heart
I guess, be careful what you wish for, is all I meant when I said What you see is what you
get What you see is what you get
