

Still Got This Thing

Alannah Myles

Why is it so hard
To say what's on my mind
And why am I so proud
Still got this thing for you I know you understand
But you still need a sign
Real love should shout out loud
Still got this thing for you Hey baby can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane
Still got this thing for you When you walk that way
I can feel the heat
Just below the surface
I'd do anything for you
When you're out all alone
I hear things from the street
And I get kinda nervous
Still got this thing for you Hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane
Still got this thing for you Let me see you smile come on look me in the eye
Too many times I let the chances go by
Pull down the shade turn out the light
Help me make up for all those nights tonight (Will I know it's true, still got this thing for you
Will I know it's true, still got this thing for you) Hey baby, can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane
If we can't connect, oh that would be a shame
Well... Hey baby can I carry your flame?
I wanna take you somewhere untamed
Don't you know you're driving me insane
Still got this thing for you (Still got this thing for you still got this thing for you)
Still got this thing for you
(still got this thing for you)
I do (still got this thing for you)
I know
(still got this thing for you), you know I do, knock knock
(Still got this thing for you) I get a thrill and I still got this thing for you
(Still got this thing for you still got this thing for you)
Oohoo (still got this thing for you still got this thing for you)
Still got this thing for you (still got this thing for you)
Hah (still got this thing for you)

You know I do, still got this thing for you
