

# Desperado

Rihanna

Desperado, sitting in an old Monte Carlo  
A man whose heart is hollow  
Take it easy, I'm not tryna go against you  
Actually, I'm going with you Gotta get up out of here and you ain't leaving me behind  
I know you won't, 'cause we share common interests  
You need me, there ain't no leaving me behind  
Never, no, no, just want out of here  
Yeah, once I'm gone, ain't no going back If you want we could be runaways, running from any  
sight of love  
Yeah, yeah, there ain't nothing, there ain't nothing here for me  
There ain't nothing here for me anymore  
But I don't wanna be alone  
Desperado, sitting in an old Monte Carlo  
We've both had our hearts broke  
Take it easy, I'm not trying to go against you  
I can be a lone wolf with ya Gotta get up out of here and you ain't leaving me behind  
I know you won't, 'cause we share common interests  
You need me, there ain't no leaving me behind  
Never, no, no, both want out of here  
Yeah, once we're gone, ain't no going back If you want, we could be runaways, running from  
any sight of love  
Yeah, yeah, there ain't nothing, there ain't nothing here for me  
There ain't nothing here for me anymore  
I don't wanna be alone Dear desperado  
Yeah, I don't wanna be alone  
Dear desperado  
Yeah, I don't wanna be alone  
If you want, we could be runaways, running from any sight of love  
Yeah, yeah, there ain't nothing, there ain't nothing here for me  
There ain't nothing here for me anymore  
But I don't wanna be alone If you want, we could be runaways, running from any sight of love  
Yeah, yeah, there ain't nothing, there ain't nothing here for me  
There ain't nothing here for me anymore  
But I don't wanna be alone
