

# Only Girl (feat. Steve Lacy & Vince Staples)

Kali Uchis

I was wondering, why you've been acting weird lately  
Can you please pick up your phone?  
I don't know, I don't know why you're not answering  
I know you won't talk to me or anything  
But, just think about this There's only one girl for me  
Come on, baby you know it  
There's only one girl for me  
Come on, baby you know it  
There's only one girl for me, one girl for me  
There's only one girl for me, one girl for me  
Just give me one last chance I promise that I won't blow it  
Time and time again I said I would leave you alone  
Stop picking up on the phone  
Knock knock on my door, no one's home  
If you want me to be yours, you got to make it known  
Imma make you work for it like you're on commission  
Want to take me out, you better ask permission  
Tell them other bitches just to mind their business  
I ain't no competition There's only one girl for me  
Come on, baby you know it  
There's only one girl for me  
Come on, baby you know it (You're the only one for me)  
There's only one girl for me, one girl for me  
There's only one girl for me, one girl for me  
Just give me one last chance I promise that I won't blow it  
Don't take it personal, but I don't want to hear it  
Yes your words are pretty, the delivery is coherent  
But talk is cheap, and see I've got expensive taste  
Better hope that I don't catch you lying to my face  
Actions speak louder than words  
Go and show me what I've heard  
If you don't know, you're going to learn  
Just what I deserve There's only one girl for me  
Come on, baby you know it  
There's only one girl for me  
Come on, baby you know it (You're the only one for me)  
There's only one girl for me, one girl for me  
There's only one girl for me, one girl for me  
Just give me one last chance I promise that I won't blow it I'm not that jaded baby  
Lately I'm just misunderstood  
Stood by your window 'till the morning rose, morning wood good  
Had been forever if I didn't do whatever it was

That broke the straw on top the camel's back [?]  
It's what I tell myself to tell you but I'm pressing my luck  
Don't mean to press your buttons  
Shouldn't have unbuttoned the jeans  
I'd make it worse if I admit it didn't mean anything  
Or maybe it's just a dream  
But let me tell you one thing There's only one girl for me  
Come on, baby you know it  
There's only one girl for me  
Come on, baby you know it (you're the only one for me)  
There's only one girl for me, one girl for me  
There's only one girl for me, one girl for me  
Just give me one last chance I promise that I won't blow it (yeah, you best not blow your  
chance) Alright baby, I don't know what you think I was doing  
But, who's going to treat you better than me?  
Let's just be honest here...  
I heard you talking to somebody  
But shit, what's really going on?  
But anyway, just give me a chance  
I just want to come back to you
