

Gun

CHVRCHES

You had better run from me
With everything you own
'Cause I am gonna come for you
With all that I have I am gonna break you down
To tiny, tiny parts
I never believed but I see it now
I'm learning your lesson Did it make you feel so clever?
Did you wear it on your sleeve?
Did you see another picture
Where I was not a part so far entwined? There is no other way, never run far
Take a good swing at me and everything is even so
Finally we agree, no place for promises here
You'd better run, you'd better run so
Hide, hide, I have burned your bridges
I will be a gun and it's you I'll come for
Hide, hide, now it's all so easy
I will be a gun and it's you I'll come for Who are you to tell me how
To keep myself afloat?
I treaded water all the while
You stuck in the knife that you held at my back Did it make you feel so clever?
Did you wear it on your sleeve?
Did you see another lifetime?
Where I was not a part so far entwined? There is no other way, never run far
Take a good swing at me and everything is even so
Finally we agree, no place for promises here
You'd better run, you'd better run so
Hide, hide, I have burned your bridges
I will be a gun and it's you I'll come for
Hide, hide, now it's all so easy
I will be a gun and it's you I'll come for There is no other way, never run far
Take a good swing at me and everything is even so
Finally we agree, no place for promises here
You'd better run, you'd better run so Hide, hide, I have burned your bridges
I will be a gun and it's you I'll come for
Hide, hide, now it's all so easy
I will be a gun and it's you I'll come for And it's you I'll come for
And it's you I'll come for
And it's you I'll come for
and it's you I'll come for And I'm gonna see that you won't go far
And I'm gonna see that you won't go far
And I'm gonna see that you won't go far

And I'm gonna see that you won't go far
