

Windy City

The Sweet

Listen to you
Listen to me
No one knows the reason
Why they wanna be free
Workin' all night
Workin' all day
Waitin' for my money
And I can't get away
I wanna be rich man
But I'm only poor man
I got to get away
Waitin' for the risin' sun to shine on windy city
You can find a place to hide yourself in windy city
I've got to get away from windy city
Your dad's in the slam
Your mama's a whore
No one understands you
Couldn't help bein' poor
But when I get rich
I'll get my kicks
From givin' it all away
Wanna be free
'Cause livin' ain't easy
Wanna be free
Cause that's how it's gonna be
I gotta be free
Waitin' for the risin' sun to shine on windy city
You can find a place to hide yourself in windy city
Gotta be free
Now I'm a rich man
Gotta be free
Don't wanna be this man
I gotta be free
Waitin' for the risin' sun to shine on windy city
You can find a place to hide yourself in windy city
I've got to get away from windy city
I don't wanna be a poor man
Don't wanna be a rich man
I gotta be free
I wanna be free
