

Edge of a Revolution

Nickelback

Head high, protest line
Freedom scribbled on your sign
Headline, New York Times
Standing on the edge of a revolution Hey, hey, just don't fade
Your secret's safe with the NSA
In God we trust or the CIA
Standing on the edge of a revolution Yeah, we're standing on the edge of a revolution
Revolution, revolution, revolution
No we won't give up, we won't go away
Cause we're not about to live in this mass delusion
No we don't want to hear another word you say
Cause we know you're all depending on mass confusion
No we can't turn back, we can't turn away
Cause this time we are relying on the lost solution
No we won't lay down and accept this fate
Cause we're standing on the edge of a revolution Wall Street, common thief
When they get caught they all go free
A brand new yacht and a finders fee
Standing on the edge of a revolution Same shit, different day
Can't keep playing if I can't get paid
We'll all be dead if the ship don't change
Standing on the edge of a revolution
Yeah, we're standing on the edge of a revolution
Revolution, revolution, revolution No we won't give up, we won't go away
Cause we're not about to live in this mass delusion
No we don't want to hear another word you say
Cause we know you're all depending on mass confusion
No we can't turn back, we can't turn away
Cause this time we are relying on the lost solution
No we won't lay down and accept this fate
Cause we're standing on the edge of a revolution What do we want? We want the change
How we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution What do we want? We want the change
How we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution No we won't give up, we won't go away
Cause we're not about to live in this mass delusion
No we don't want to hear another word you say
Cause we know you're all depending on mass confusion
No we can't turn back, we can't turn away
Cause this time we are relying on the lost solution

No we won't lay down and accept this fate
Cause we're standing on the edge of a revolution
