Mirror (feat. Kelly Price & Tweet)

KeKe Wyatt

Look me in my eyes mirror Cuz I've seen that look before

Tell me whats inside mirror

Cuz we both agreed no moreWe were so close to getting over him Now you're telling me we're going back

Again - inHow could you

Betray me

And take My heart back through that doorOh mirror

Please tell me

We both deserve so much moreHow could you

Oh Mirror

What Pleases you is hurting me

Tell me mirror

How could it beOoohLook into my eyes mirror

Can't believe the things he said

See through his disguise

Mirror

Come with me, Lets run awayWe were so close to getting over him Now you're telling me We're going back againHow could you

Betray me

And take My heart back through that doorOh mirror

Please tell me

We both deserve so much more

How could you

Oh Mirror

What Pleases you Keeps hurting me

Tell me mirrorThere's no way new love can find us

If we keep looking behind us

No More Heartache

That aint the way loves supposed to beThere's no way new love can find us

If we keep looking behind us

So this time mirror

Listen to meHow could you

Betray me

And take My heart back through that doorOh mirror

Please tell me

We both deserve so much moreHow could you

Oh Mirror

What Pleases you Keeps hurting me

Tell me mirror

Oh ooo ohhHow could you

Oh Mirror

What pleases you keeps hurting me Tell Me Mirror
