## Cry (feat. Take That)

## Sigma

I've been drowning in the river Tried to soothe my soul Take me under, take me deeper Than I choose to go I can't see it any clearer I said long ago But down here underneath the surface You're my only hopeIf you remember me everyone else can forget Everyone else can forget Tell them I have nothing, nothing Cause I'd rather go blind Than watch you walk out of my life Turn my face up to the sky You know we all, we all, we all cry Heart on the line for the love we left behind I can't let you go this time And oh I know, I know, I know you hear me Cry, cry, cry, cry I know, I know, I know you hear meI've been waiting for the storm To surrender my soul Bathe me in your holy water and lay me downIf you remember me everyone else can forget Everyone else can forget Tell them I have nothing, nothing Cause I'd rather go blind Than watch you walk out of my life Turn my face up to the sky You know we all, we all, we all, we all cry Heart on the line for the love we left behind I can't let you go this time And oh I know, I know, I know you hear me Cry, cry, cry I know, I know, I know you hear me Cry, cry, cry I know, I know, I know you hear meSurrender, surrender Surrender, surrender, surrender Cause I surrenderCause I'd rather go blind Than watch you walk out of my life Turn my face up to the sky You know we all, we all, we all, we all cry Heart on the line for the love we left behind I can't let you go this time And oh I know, I know, I know you hear me
