## Foals

Step by aching stepson  
And you'll fall into the blue  
And you'll fall into the blue  
Oh, I'm coming down for you Step by aching stepson  
And I'll lead you by the hand  
And we'll fall into the blue  
Oh, I'm coming down for you  
Oh, I'm coming down for you  
But I'm falling deeper now I go  
And I'm falling down the grounds beneath the road  
And I'm falling deeper down I go  
And I'm falling deeper now I know And I'm falling deeper down the shore  
And I'm falling as the rocks way down below  
As the rocks way down below  
As the rocks way down below Step by aching stepson  
And you'll fall into the blue  
And you'll fall into the blue  
Oh, I'm coming down for you Step by aching stepson  
And I'll lead you by the hand  
And we'll fall into the blue  
Oh, I'm coming down for you  
Oh, I'm coming down for you  
Coming down for you  
Coming down for you  
Coming down for you  
Coming down for you  
Coming down for you
