

# Faith

## The Weeknd

Light a blunt up with the flame  
Put that cocaine on a plate  
Molly with the purple rain  
'Cause I lost my faith  
So I cut away the pain, uh  
Got it swimming in my veins  
Now my mind is outta place, yeah, uh  
'Cause I lost my faith And I feel everything  
I feel everything from my body to my soul  
No, no  
Well, I feel everything  
When I'm coming down is the most I feel alone  
No, no  
I've been sober for a year, now it's time for me  
To go back to my old ways, don't you cry for me  
Thought I'd be a better man, but I lied to me and to you I take half a Xan' and I still stay awake  
All my demons wanna pull me to my grave  
I choose Vegas if they offer heaven's gate  
I tried to love, but you know I'd never stay  
I'd never stay  
But if I OD, I want you to OD right beside me  
I want you to follow right behind me  
I want you to hold me while I'm smiling  
While I'm dying  
And if you know me  
When I go missing, you know where to find me  
Driving down the boulevard is blinding  
Always blinded by the desert lights and  
I'm alive when  
I feel everything  
I feel everything from my body to my soul  
No, no  
Girl, I feel everything  
When I'm coming down is the most I feel alone  
No, no I lost my faith  
I'm losing my religion every day  
Time hasn't been kind to me, I pray  
When I look inside the mirror and see someone I love  
Oh, someone I love  
Faith  
I'm losing my religion every day  
Time hasn't been kind to me, I pray

When I look inside the mirror and see someone I love  
Oh, someone I love I ended up in the back of a flashing car  
With the city shining on my face  
The lights are blinding me again  
I ended up in the back of a flashing car  
With the city shining on my face  
The lights are blinding me again  
I ended up (I ended up), in the back of a flashing car (Back of a flashing car)
