

# Higher Place (feat. Ne-Yo) [Bassjackers Remix]

Dimitri Vegas & Like Mike

Show me to a higher place  
Take me to outer space  
I want you to be my friend  
We'll make it till the world ends Show me to a higher place  
Take me to outer space  
I want you to be my friend  
We'll make it till the world ends Don't give me love  
Governed by life  
Limited by  
These worldly heights  
I want a love  
That the universe  
Can never stop  
Can never hurt  
I want a love that will last  
After this world is our past  
A love that no time could erase  
A love in a higher place  
Show me to a higher place  
Take me to outer space  
I want you to be my friend  
We'll make it till the world ends Show me to a higher place  
Take me to outer space  
I want you to be my friend  
We'll make it till the world ends Don't sell me short  
(Don't sell me short)  
On unconditional  
(On unconditional)  
I want a love  
Beyond what we all know  
Whooooooooo  
I want a love that will last  
After this world is our past  
A love that no time could erase  
A love in a higher place  
Show me to a higher place  
Take me to outer space  
I want you to be my friend  
We'll make it till the world ends Show me to a higher place  
Take me to outer space  
I want you to be my friend

We'll make it till the world ends
