

Goodbye

Slipknot

Come on over...

Come unglued...

It's not easy

To see all of you

Help yourselves

Help is on the way

Well there's nothing to lose so now

I have something to say

Maybe we can all recognize a moment of silence

Maybe we can finally agree on the same point of view

A long time ago we believed... that we were united

So the last thing on Earth I am ready to do is say...

Goodbye!

A long time ago we discovered that nothing could stop us

If this hasn't torn us apart so nothing ever will

How can we know where we are if the sun is behind us?

But this moment will show us the rest of our lives

No-one is goin' to save us this time

No one can know what we're feeling...

So don't even try
