

My Gun

Tove Lo

Heads turn your body burn rip off your clothes for me
Make out, last shot, keep dancing naked feeling free
That's my gun, that's my gun, that's my gun
Last night you were who you prefer because of me
Wake up messed up but you're still happy as can be
That's my gun, that's my gun, that's my gun
Do you think I'm easy? Ooh ooh
Boy if you're gonna shoot me down
Do it gently
I'm not easy, ooh ooh
But go ahead and touch me now
Do it gently
You're fine, you're mine, I'm the mistake you wanna make
Hey ho let's go, it's one more chance you gotta take
That's my gun, that's my gun, that's my gun
I'm ace and spades and all I know you want to fly
Not to the moon, jump on my cloud and we go high
That's my gun, that's my gun, that's my
gun
Do you think I'm easy? Ooh ooh
Boy if you're gonna shoot me down
Do it gently
I'm not easy, ooh ooh
But go ahead and touch me now
Do it gently
Do it gently, gently, gently
Gently, gently, gently
That's my gun
Do you think I'm easy? Ooh ooh
Boy if you're gonna shoot me down
Do it gently
I'm not easy, ooh ooh
But go ahead and touch me now
Do it gently
Do it gently, gently, gently
Gently, gently, gently
