## Deltron 3030

Yo, it's 3030, I want y'all to meet Deltron Zero  
Hero, not no small feat, it's all heat in this day and age  
I rage your grave, anything it takes to save the day  
Neuromancer, perfect blend of technology and magic Use my rapping so you all could see the  
hazards  
Plus entertainment where many are brainless  
We cultivated the lost art of study and I brought a buddy  
Automator harder slayer fascinating combinations Cyber warlords are activating abominations  
Arm a nation with hatred we ain't with that  
We high-tech archaeologists searching for knickknacks  
Composing musical stimpacks that impacts the song Crack the motor what you think you  
rapping for?  
I used to be a mech soldier but I didn't respect orders  
I had to step forward, tell them this ain't for us  
Living in a post-apocalyptic world morbid and horrid  
The secrets of the past they hoarded  
Now we just boarded on a futuristic spacecraft  
No mistakes black it's our music we must take back  
Yo, it's 3030 I want y'all to meet Deltron Zero and Automator  
Yo, it's 3030, I want y'all to meet  
Deltron Zero and Automator  
Yo, it's 3030, I want y'all to meet  
Deltron Zero and Automator Del, I'm feeling like a ghost in a shell  
I wrote this in jail playing host to a cell  
For the pure verbal, they said my sentence was equivalent to murder  
Kust another hurdle, I bounced through a portal I knew they had the mind state of mere mortals  
My ears morphed to receptors to catch ya  
Every word about gravity control  
And the families they hold for handsome ransoms  
On the run with a handgun, blast bioforms, I am warned  
That a planet-wise manhunt with cannons  
Will make me, abandon, my foolish plan of uprising  
Fuck dying, I hijack a mech Controlling with my magical chance so battle advance  
Through centuries of hip-hop legacy, mega speed  
Hyper warp to Automator's crib and light the torch  
They can't fight the force Victory is ours once we strike the source  
Enterprising wise men look to the horizon  
Thinking more capitalism is the wisdom  
And imprison, all citizens empowered with rhythm We keep the funk alive by talking with  
idioms  
Yo, it's 3030, I want y'all to meet  
Deltron Zero and Automator

Yo, it's 3030, I want y'all to meet  
 Deltron Zero and AutomatorYo, it's 3030, I want y'all to meet  
 Deltron Zero and Automator  
 Isn't eternal evil concerned with thievery  
 Medieval prehistoric rhetoric well we ahead of thatLay it down with sound waves that pound  
 pavement  
 Original minstrels my central processing unit  
 Is in tune with my heart for this art  
 Not artificial 'cause that makes it hard to miss youCopycats finish last in the human race  
 Staying glued to safes too prude to take a buddah break  
 We got espers that let us bless with fresh shit  
 Undetected by yes men questing for five fleeting nanoseconds of fameProtecting the brain from  
 conspiracies against my cosmos  
 While I float to Neo-Tokyo with Opio  
 Or discuss combustible rust clusters with Plus  
 Evade cyber police in a computer crib confuse the kidsBut I can make a kicking rhymes thats  
 sacred  
 Telepathic mind that takes its greatness from the Matrix  
 Esper rhyme professor rushes in ultra pressures  
 With correction measuresWhy half the world's a desert  
 Cannibals eat human brains for dessert  
 Buried under deap dirt, mobility inert  
 I insert these codes for the cataclysmEver since I had the vision use my magnetism  
 In this modern metropolis they tries to lock us up  
 Under preposterous laws thats not for us  
 Yo, it's 3030, I want y'all to meet  
 Deltron Zero and AutomatorYo, it's 3030, I want y'all to meet  
 Deltron Zero and Automator  
 Yo, it's 3030, I want y'all to meet  
 Deltron Zero and Automator
