

# Slow Motion Picture

Solomon Grey

Please help me.  
I'm losing control  
No oxygen  
How to dig a hole  
I've fallen  
How do I let it go?  
This clarity  
All?? me when I know The love we had, it ended, its gone  
The love that you needed is done  
The game that we played is out  
Falling  
Who's driving  
There's no hands on wheel  
Blank faces  
No idea how to feel  
I think of you  
As the radio plays the cure  
You're with me as my foot hits the floor  
The love that we had is gone  
The love that you needed is done  
The game that we played is out  
Falling.
