

Slow Motion Picture

Solomon Grey

Please help me.
I'm losing control
No oxygen
How to dig a hole
I've fallen
How do I let it go?
This clarity
All?? me when I know
The love we had, it ended, its gone
The love that you needed is done
The game that we played is out
Falling
Who's driving
There's no hands on wheel
Blank faces
No idea how to feel
I think of you
As the radio plays the cure
You're with me as my foot hits the floor
The love that we had is gone
The love that you needed is done
The game that we played is out
Falling.
