

# Lessons Learned

Tracy Lawrence

Lessons Learned I was ten years old the day I got caught  
With some dime store candy that I never bought  
I hung my head and I faced the wall  
As Daddy showed me wrong from right  
He said this hurts me more than it does you  
There's just some things son, that you just don't do  
Is anything I'm sayin' getting through  
Said Daddy I can see the light  
Oh lessons learned, man they sure run deep  
They don't go away and they don't come cheap  
Oh there's no way around it  
Cause this world turns oh lessons learned Granddaddy was a man I loved  
He bought me my first ball and glove  
Even taught me how to drive his truck  
Circling that ol' town square  
He spoke of life with a slow southern drawl  
I never heard him cause I knew it all  
But I sure listened when I got the call  
That he was no longer there Oh lessons learned, man they sure run deep  
They don't go away and they don't come cheap  
Oh there's no way around it  
Cause this world turns on lessons learned  
Oh lessons learned, man they sure run deep  
They don't go away and they don't come cheap  
Oh there's no way around it  
Cause this world turns on lessons learned
