

# Perfect For You

Rachel Platten

I'm flood, I'm flood  
I know this  
You like me it's my doses  
What am I suppose to do with that  
Ya, ya, oh You say I bring the drama  
Like you got halo zonya  
Have to talk to my exhibit  
Ya, ya, oh I'm wild and just insane  
I'm scared but I don't wanna wait (you do)  
It's pissing me of when you say  
Calm down, calm down like that  
You know that I'm in it for real  
And you know everything that I feel  
That to me, it is a big deal  
So don't come at me like that  
And it's true  
I can't seem to shake it lose  
Cause all this is curiosity  
Hurtin' me as I'm trying to be perfect for you  
I'm done to break the rules  
There's so much time I've wasted  
I'm chasin' and face it  
I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect, ya I cannot be perfect for you I wear emotions on my sleeve  
I say exactly what I mean  
Isn't that real enough for you  
Ya, ya, oh I got no shame I'm just myself  
Won't change for you  
And no one else is making me feeling I'm not enough when I am  
I'm wild and just insane  
I'm scared but I don't run away (you do)  
It's pissing me of when you say  
Calm down, calm down like that  
You know that I'm in it for real  
And you know everything that I feel  
That to me, it is a big deal  
So don't come at me like that And it's true  
I can't seem to shake it lose  
Cause all this is curiosity  
Hurtin' me as I'm trying to be perfect for you I'm done to break the rules

There's so much time I've wasted  
I'm chasin' and face it  
I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect, ya I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect, ya I cannot be perfect for you So love me and leave me alone  
So love me and leave me alone  
So love me and leave me alone  
So love me and leave me alone And it's true  
I can't seem to shake it lose  
Cause all this is curiosity  
Hurtin' me as I'm trying to be perfect for you I'm done to break the rules  
There's so much time I've wasted  
I'm chasin' and face it  
I cannot be perfect for you  
Be perfect for you, so love me and leave me alone be perfect for you  
Be perfect, ya I cannot be perfect for you  
Be perfect for you  
Be perfect for you (so love me and leave me alone)  
Be perfect, ya I cannot be perfect for you
