Kelly Price

R Kelly Here's the day I've been waitin on, NFL oh something wrong  
Kelly Price But you know we need to talk right now  
R Kelly Not right now the TV is on, move out of the way, the national anthem is coming on  
Kelly Price If it's the National anthem you want, (R Kelly) Honey let it wait here it is  
R Kelly Woman if you dont go in there and get my beer and leave me alone  
Kelly Price And I thought I made it clear  
R Kelly Please dont start this again  
Kelly Price I told you to get her out of there  
R Kelly But I told you she was just a friend  
Kelly Price Came through your house last night and her bags were still there  
R Kelly Oh damn(Chorus)  
She wants you, and baby I'm not fooled  
She wants you, so don't u play the fool  
(You say) you say she's just a friend  
but i can see straight through  
and, baby, i'm not havin' it!  
(Ooh-oh-oh)Verse 1: True friend, indeed  
she was just a friend in need  
she called to you just for help  
she said she didn't have no one else  
but i know that something's wrong  
I felt while we were on the phone  
cuz she's looking for love  
and she's looking at you  
I recognize the game, boy...Chorus:  
She wants you (Oh yeah-yeah)  
and baby I'm not fooled (Baby I'm not fooled)  
She wants you (She really wants you)  
so don't you play the fool (Don't be naive)  
You say she's just a friend, but I can see straight through  
And baby, I'm not having it  
(No, no, no-no-no)Verse 2: Just you and me  
until this came to be  
we neva had an argument  
until the day you took her in  
My love this is killing me (yes it is)  
the web she weaves (the web she weaves)  
underhanded schemes (underhanded schemes)  
but I can see, what u dont see (I can see, what u don't see)  
I been here before and I won't take no moreChorus:  
She wants you (She wants you)  
and baby I'm not fooled (I'm not fooled)

she wants you (No, no)  
so don't you play the fool (gotta see what I see)  
you say she's just a friend but I can see straight through  
and baby I'm not having it  
Bridge:  
No, No, never gon play a fool  
Never gon play a fool no more  
like in "Friend Of Mine" (no, no)  
no not this time (not this time)  
neva gon let another one take what's mine (Can't have what's mine)  
Said you can be so blind!  
I WONT JUST SIT HERE WHILE SHE'S PLANNING FOR YOU!  
SO DO YOU BELIEVE ME? GOTTA BELIEVE ME  
EVERYTHING I SAY IS TRUE!
