Hole In My Heart

[Alphabeat](#)

You've made a hole in my heart
You've made a hole in my heart
You've made a hole in my heart
You've made a hole in my heartAnd they can say what they want,
but it doesn't mean a thing
and if they went inside me,
changed everything
this sure is nothing
that a dark look can't cure
its not a disease
no, that's for sure!
I was looking for a way to get close to you
but I got inside
I got inside
Nothing in the world could pull me back again
I'm inside
I'm insideYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-ownYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-ownYou've made a hole in my heart
You've made a hole in my heart
You've made a hole in my heart
You've made a hole in my heart
And the gap that you have made goes deep inside of me
It's all insult, bad girl, you got my (?)
what this is you do to me, it's nothing done before
don't want you to stop, no, that's for sureI was looking for a way to get close to you, but I got
inside
I got inside
nothing in the world can pull me back again
I'm inside, I'm insideYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-ownYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-ownAll I want to do is to do something with you
All I want to do is to do something with you
All I want to do is to do something with you

All I want to do is to do something with you
All I want to do is to do something with you
All I want to do is to do something with you
All I want to do is to do something with youYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-ownYou
You turn me upside down
whenever you're around
you turn me upside dow-ow-own
