

# So Cold (The Good Wife Trailer)

[Ben Cocks](#)

Oh, you can't hear me cry  
See my dreams all die  
From where you standing on your own  
It's so quite here  
And I feel so cold  
This house no longer feels like home  
Oh, when you told me you'd leave  
I feel like I couldn't breathe  
My aching body fell to the floor  
Then I called you at home  
You said that you weren't alone  
I should have no better  
Now it hurts much more  
You cause my heart too bleed and  
You still owe me a reason  
Cos I can't figure out why  
Why I'm alone and freezing  
Why you're in the bed that she's in  
And I'm just leave alone to cry  
You cause my heart too bleed and  
You still owe me a reason  
Cos I can't figure out why  
Oh you can't hear me cry  
See my dreams all die  
From where you standing on your own  
It's so quite here  
And I feel so cold  
This house no longer feels like home
