

# That Voice Again

Peter Gabriel

I want to be with you  
I want to be clear  
But each time I try  
It's the voice I hear  
I hear that voice again Oh, I'm listening to the conversation  
Judge and jury in my head  
It's colouring everything  
All we did and said And still I hear that sharp tongue talking  
Talking tangled words  
I can sense the danger  
Just listen to the wind  
I want you close  
I want you here  
I can't help but listen  
But I don't want to hear  
Hear that voice again I want to be with you  
I want to be clear  
But each time I try  
It's the voice I hear  
I hear that voice again Oh, I'm hearing right and wrong so clearly  
There must be more than this  
It's only in uncertainty  
That we're naked and alive I hear it through the rattle of a streetcar  
Hear it through the things you said  
I can get so scared  
Listen to the wind  
I want you close  
I want you here  
I can't help but listen  
But I don't want to hear  
Hear that voice again What I carry in my heart  
Brings us so close or so far apart  
Only love can make love I want you close  
I want you here  
I can't help but listen  
But I don't want to hear  
I hear that voice again I want to be with you  
I want to be clear  
But each time I try  
It's the voice I hear  
I hear that voice again
