

Stand Back (feat. A Boogie wit da Hoodie)

PnB Rock

Aww yeah

From then to now Remember back then all them hoes ain't want me

Now I'm ballin', all them same hoes on me

Mama told me that this came with the money

And the mothafuckin' fame, even though I feel the same

I'm that nigga now, I'm that nigga now

I'm that nigga now, I'm that nigga now

Yeah I'm that nigga now, I'm that nigga now

I'm that nigga now, I'm that nigga now

I'm 'bout to take over the game, I done made my own lane

I ain't even gotta say it, everybody know my name

Still gettin' used to the fame, everything so different now

Can't walk to the store without takin' no pictures now

Got love for my fans, they really held me down

I was locked up in a cell, every day they sent me mail

They love me, I can tell, feels good, I made it

Now it's time to turn up for all the niggas that hated

PnB, that's my crew, told my mama, "I got you"

Funny how I'm hittin' hoes that ain't want me in high school

'Cause I'm rollin' now, yeah they know I'm rollin' now

And my money, can't fold it now, I done came up

Remember back then all them hoes ain't want me

Now I'm ballin', all them same hoes on me

Mama told me that this came with the money

And the mothafuckin' fame, even though I feel the same

I'm that nigga now, I'm that nigga now

I'm that nigga now, I'm that nigga now

Yeah I'm that nigga now, I'm that nigga now

I'm that nigga now, I'm that nigga now Yeah I've been ballin' with my bros, I've been fuckin' all these hoes

I've been switchin' up my cars like I'm switchin' up my clothes

Smokin' all this dope, got your bitch faded

Damn it feels good to finally say I made it

Cashin' all these checks, put new diamonds all in my neck

Bought a chain for my daughter just to show her how to flex

Got now, fuck next, every day I'm ballin'

Just changed my number, label still callin'

Feelin' like Mike Jones 'cause back then they ain't want me

But now I'm on and all them hoes, they all on me

'Cause they know I'm rollin' now, and it is beginnin' now

Y'all hoes like different now, I done came up Remember back then all them hoes ain't want me

Now I'm ballin', all them same hoes on me

Mama told me that this came with the money
And the mothafuckin' fame, even though I feel the same
I'm that nigga now, I'm that nigga now
I'm that nigga now, I'm that nigga now
Yeah I'm that nigga now, I'm that nigga now
I'm that nigga now, I'm that nigga now
