

Food Fight

Village People

FOOD FIGHT!

1, 2, 1, 2, 3! Standing here waiting in the same old line
I gotta find something just to pass the time
Is there anything better left for me to do?
Food fight! People standing in front of me, people at the back
I'm just avoiding something that we lack
So grab yourself a weapon, get ready to attack
Food fight! Food fight, food fight
Food fight, food fight! I'm looking at my teacher, I got him a size
Grab her a banana and rub her in the eyes
I hit him with an apple, I hit him with a pie
Food fight!
Food to the left of me, food to the right
Food's flying everywhere, everywhere in sight
Now we got the teacher joining in the fight
Food fight! Food fight, food fight
Food fight, oh! People standing in front of me, people at the back
I'm just avoiding something that we lack
So grab yourself a weapon, get ready to attack
Food fight! Food fight, food fight
Food fight! I'm looking at my teacher, I got him a size
Grab her a banana and rub her in the eyes
I hit him with an apple, I hit him with a pie
Food fight!
Food to the left of me, food to the right
Food's flying everywhere, everywhere in sight
Now we got the teacher joining in the fight
Food fight! Food fight, food fight
Food fight, oh! Food fight, food fight
Food fight, oh.
