

# Take You Down

Illenium

I didn't mean to hurt you when I hurt myself  
It's just an empty lie screaming out for help  
No, I didn't mean to scare you  
But I couldn't see that when I went to hell  
I was taking you with me  
When I close my eyes  
I'm climbing in the dark  
Trying not to fall apart  
Sometimes I get so high  
Falling is the only out I see  
And I don't wanna take you down with me  
Take you down  
Take you down with me  
(Don't wanna take you down, take you down)  
Take you  
Down with me  
(Down with me)  
(Down with me)  
(Take you down) This life is like a race and  
When it cuts I bleed  
But it's in my hand  
And I'm doing it to me  
Sometimes it's like an ocean  
And it gets too deep  
There's no way that now you could rescue me  
When I close my eyes  
I'm fighting in the dark  
Trying not to break your heart  
Sometimes I get so high  
Falling is the only out I see  
And I don't wanna take you down with me You need to let it go now  
Before you drown I know that you won't understand  
You need to let go of these hands  
Cause I'm going now  
And I don't wanna take you down with me  
(And I don't wanna take you down with me)  
Take you down, down with me
