

# Crazy Life

## Toad the Wet Sprocket

Anyway now, it don't seem right  
He is in there and you're on the outside  
Over Pine Ridge to Wounded Knee  
There's blood on the ground as far as you see  
Crazy life In the air I'm sensing a change of weather  
In the end the path is clear Does anyone remember here?  
Did you all think he'd just disappear?  
Crazy life  
What've you done with Peltier?  
Who did you think you'd taken away?  
Crazy life In the air I'm sensing a change of the weather  
In the end the path is clear Burying it won't stop it breathe in forever  
Underground it takes to root  
Anyway, it don't seem right  
He is in there and you're on the outside  
What've you done with Peltier?  
Who did you think you'd taken away?  
It's not over, it's not over  
It's not over, it's not over  
Oh, no, oh, no  
It's not over, it's not over  
It's not over, it's not over  
Oh, no, oh, no  
Oh, no
