

# Down to Earth

Justin Bieber

Ohhh, ohhh, oh  
I never thought that it'd be easy  
Cause we're both so distant now  
And the walls are closing in on us and we're wondering how  
No one has a solid answer  
But just walking in the dark  
And you can see the look on my face, it just tears me apart.  
So we fight, (so we fight) Through the hurt, (through the hurt)  
And we cry and cry and cry and cry  
And we live, (and we live)  
And we learn, (and we learn) And we try and try and try and try!  
So its up to you, (oh)  
And its up to me, (yeah)  
and we meet in the middle, on our way back down to earth  
Down to earth, down to earth, down to earth  
On our way back down to earth  
Back down to earth  
Back down to earth Back down to earth  
Back down to earth  
Back down to earth Back down to earth  
Back down to earth Back down to earth  
Mommy, you were always somewhere  
And Daddy, I live out of town  
So tell me how could I ever be, normal somehow? You tell me this is for the best  
So tell me why am I in tears?  
(Woo) so far away and now I just need you here  
So we fight, (so we fight)  
Through the hurt, (through the hurt)  
And we cry and cry and cry and cry  
And we live, (and we live)  
And we learn, (and we learn) And we try and try and try and try  
So its up to you  
And its up to me  
And we meet in the middle on our way back down to earth  
Down to earth  
Down to earth  
Down to earth On our way back down to earth  
(on our way back down to earth)  
Back down to earth  
Back down to earth  
Back down to earth  
Back down to earth  
Back down to earth

Back down to earth  
Back down to earth  
Back down to earth  
Fell so far away  
Where we used to be  
Now were standing and where do we go  
When there's no road  
To get to your heart  
Let's start over again  
So it's up to you  
And it's up to me  
And we meet in the middle  
on our way back down to earth  
Down to earth  
On our way back down to earth  
I never thought it would be easy  
Cause we both so distant now  
And the walls are closing in on us  
And we're wonder how...
