

Woman

City and Colour

woman
my love is never-ending
like a sea without a shore
woman
I'm a fool guilty of old crimes
but your the one I adore
woman
when the world has emptied
and the planet is covered in dust
I Will stand underneath the silver moon
waiting to resurrect our love
woman
my love is never-ending
like a sea without a shore
woman
I'm a fool guilty of old crimes
but your the one I adore
woman
when the world has emptied
and the planet is covered in dust
I Will stand underneath the silver moon
waiting to resurrect our love
woman
my love is never-ending
like a sea without a shore
woman
I'm a fool guilty of old crimes
but your the one I adore
woman
when the world has emptied
and the planet is covered in dust
I Will stand underneath the silver moon
waiting to resurrect our love
