

# Too Young

## Post Malone

I don't wanna die too young  
Yeah, too young, yeah, too young I don't wanna die too young, too young, too young  
Counting bands, hallelujah, 'lujah, 'lujah  
I don't wanna die too young, too young, too young  
I've been grindin' way too long, too long, too long Came up, don't know, I just keep going with  
the flow  
I just wanna go and cop me somethin'  
I hit Fairfax, go shoppin' though  
She just wanna hit that bathroom, hold that guap like a register  
Keep on winning, need that guap though  
Like I'm cash out, eat at papadeauxs  
Flowing on to the Galapagos, running and grab the dough  
Man this shit never minimal, feel like an animal  
Yeah bitch, I try to keep me cool, your life never going, never going back  
Yeah, I don't wanna die too young, I don't wanna die too young  
When I get that cash it's hallelujah  
Aye hallelujah, aye hallelujah, aye hallelujah  
I don't wanna die too young, too young, too young  
Counting bands, hallelujah, 'lujah, 'lujah  
I don't wanna die too young, too young, too young  
I've been grindin' way too long, too long, too long My whip fast, my bitch bad, I skrrr skrrr, that  
coupe fast  
My coupe fast, your bitch know  
My bitch slow, she do what I say so and she always keep me on my toes  
Poppin' that woe, man I be gone  
Just watch me go, bitches they watching me go  
Walking around, aye I pick that band up, then I go drop that shit off  
Pull up in a Porsche, shit poppin' off  
Pop that shit off, I got that bitch off, I tell her to knock that shit off  
And I got my nut off and she washed my nuts off  
I want that shit, I got that shit, pop that shit  
Got rich quick, suck my...  
You know it make me God damn numb  
When I see 'em die so God damn young  
(I don't wanna die)  
I don't wanna die too young, too young, too young  
Counting bands, hallelujah, 'lujah, 'lujah  
I don't wanna die too young, too young, too young  
I've been grindin' way too long, too long, too long I don't wanna die too young, too young, too  
young  
Counting bands, hallelujah, 'lujah, 'lujah  
I don't wanna die too young, too young, too young

I've been grindin' way too long, too long, too long
