

# Don't You Ever

## Republica

Turn your head off, turn the music up  
Don't let it push you down, out of hand get off  
Don't ever think of him, don't ever let him in  
He'll go round and round and round  
And make your head spin You're a big boy with a big mouth  
Talkin' big time just spit it out  
Take the back seat till you feel alright  
You get your own way all day, every time  
Love me, hate me, hurt me and break me  
Want me, take me but don't ever leave me  
Don't you ever leave me Push the boat out, keep your feelings in  
He tore your world apart, never start giving him  
Don't promise anything, he'll see the state you've been  
Hand on your heart, never lasts, didn't it You got a small mind in a small town  
Let your head spin give me the run around  
I wish I didn't care, I wish I wasn't there  
You get your own way all day, everywhere Love me, hate me, hurt me and break me  
Want me, take me but don't ever leave me  
But don't ever leave me  
Don't you ever leave me I wish I didn't care, I wish I wasn't there  
You get your own way, all day everywhere  
Love me, hate me, hurt me and break me  
Want me, take me but don't ever leave me  
Hate me, hurt me and break me  
Want me, take me but don't ever leave me Don't you ever leave me  
Don't ever leave me
