

I Didn't Come Here to Talk

Ray Scott

I could tell you that I missed you
Say it? s good to be home
And that it? s hell out there without you
And it's hard to sleep alone I could say I missed the feelin?
Of your lips on mine
Tell you everything? s right in my world
When it? s just you and I And I could stare at you forever
Girl, I could go on and on
But I didn? t come here to talk
I could whisper you? re my angel
? Cause that? s sure what I? m thinking now
But I? d rather tell you that I love you
Without a word from my mouth Now, I love a good conversation
And your body? s talking to me
It? s sayin? once might not quite be enough
And I? d say I have to agree And you're lookin? fine in that dress
Here, let me help you slip it off
I didn? t come here to talk
Baby, lay down here in my arms
Let me show you what I? ve waited on
Oh, sometimes, girl
There? s no need for words at all I didn? t come here to talk
Come here, baby
