

# Hold Ya

## Toby Love

Remember that day  
That day I met you  
Ever since then I knew Tan bella she's so cool  
I met her at the school  
Su aroma me hipnotiza  
At first comiendo pizza Babe tu sonrisa me conquista (oh girl) You're the only one I dream about  
You're always on my mind  
And I will always pray to have your love  
Till the end of time  
I wanna hold ya  
You make me better  
Toma mis manos  
Juntos por siempre  
I wanna hold ya  
You make me better  
Toma mis manos  
I love you my baby Contigo quiero estar  
Till the end of time  
I wanna hold ya I wanna hold ya Son tus textos y tus besos  
Que me llevan a un planeta lleno de amor  
Y me elevas hasta el alma  
Desde joven tu ha tenido mi corazn  
You're the only one I dream about  
You're always on my mind  
And I will always pray to have your love  
Till the end of time I wanna hold ya  
You make me better  
Toma mis manos  
Juntos por siempre  
I wanna hold ya  
You make me better (you make me better)  
Toma mis manos  
I love you my baby Contigo quiero estar  
Till the end of time  
I wanna hold you You smell the love in the air? (Love!)  
It's Toby Love Bababa cha tera tera tera come on Contigo quiero estar  
Till the end of time I wanna hold ya  
You make me better (you make me better)  
Toma mis manos  
Juntos por siempre  
I wanna hold ya  
You make me better (you make me better)

Toma mis manos  
I love you my baby I wanna hold ya  
You make me better (you make me better)

Toma mis manos  
I wanna hold ya  
I wanna hold ya  
You make me better (you make me better)

Toma mis manos  
You make me better It's Love  
Y por siempre mi amor  
I wanna hold you
