

Bridge to Your Heart

Wax

You-hoo-hoo
you've been gone for so long I'm losing sleep
look at what you're doing!
And I-hi-hi
yes
I know that I was wrong but I couldn't see
see what I was losing. Come back now
baby
little run-around
little run-around
Little lost and found
little lost and found
yeah!
Don't make me crazy Just bring your body back home
right here where you belong. Whoa
building a bridge to your heart Whoa
let's make a new start
build a bridge to your heart. I don't know what the future's gonna be
good or bad time won't be your saviour.
And I can't give you no written guarantee I won't make you sad
but I'll be on my best behaviour.
Look what you're doing when you put me down when you put me down Made me the clown
made me the clown
yeah!
Look what you're doing Just come on over and see just how much lovin's in me
yeah!
Whoa
building a bridge to your heart Listen, I'll take you any way I can tonight come back and satisfy
my appetite.
You gotta know you mean that much to me To get you back
you know
I'll do anything. Come back now
baby
just bring your body back home Right here now
baby
where you belong.
Whoa
building a bridge to your heart Whoa
building a bridge to your heart
