

Blasphemy

Cinema Bizarre

God is dead
When someone fills your heart instead
Your soul's on fire
All your needs
How can they call it blasphemy Love is nature
Saw you praying for salvation
For the heart to understand That it's you...
My new religion is you...
They say this love is blasphemy
It is blasphemy
It is blasphemy
But my new religion is you...
Faith is crime
When all you love is all blind
Your spirit's bleeding
Incomplete
Blame forever reality Love is nature
Saw you breaking with tradition
In this God forsaken land That it's you...
My new religion is you...
They say this love is blasphemy
It is blasphemy
It is blasphemy
But my new religion is you... That it's you... (Blasphemy)
(God is dead)
(Blasphemy)
That it's you...
My new religion is you...
They say this love is blasphemy
It is blasphemy
It is blasphemy
But my new religion is you... That it's you...
