Closer

Travis

I've had enough of this parade I'm thinking of the words to say We open up unfinished parts

Broken up

It's only loveAnd when I see you then I know it will be next to me And when I need you then I know you will be there with me

I'll never leave you

Just need to getCloser, closer

Lean on me now

Lean on me now

Closer, closer

Lean on me now

Lean on me now

Keep waking up (waking up) without you here (without you here)

Another day (another day) another year (another year)

I seek the truth (seek the truth), we set apart (we set apart)

Second dance

A second chance (a second chance)And when I see you then I know it will be next to me And when I need you then I know you will be there with me

I'll never leave you

Just need to getCloser, closer

Lean on me now

Lean on me now

Closer, closer

Lean on me now

Lean on me now

Lean on me now

And when I see you then I know it will be next to me And when I need you then I know you will be there with me

I'll never leave you

Just need to getCloser, closer

Lean on me now

Lean on me now

Closer, closer

Lean on me now

Lean on me now

Lean of me now

Closer, closer

Closer, closer
