

# Lips

## Marian Hill

Sinking fast, undertow  
Pull me in, don't let go  
On your mark, ready set  
Feel your breath on my neck  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Overwhelmed, hazy eyes  
Staring at tinted skies  
And I like what we do  
Running wild just us two  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
Your lips, your lips  
Your lips, they got me going  
Heart flips, you got me floatin'  
You got me float in'  
Your Flips
