

# Myth

## Beach House

Drifting in and out  
See the road you're on You came rolling down the cheek  
You say just what you need  
And in between  
It's never as it seems Help me to name it  
Help me to name it If you built yourself a myth  
You'd know just what to give  
What comes after this  
momentary bliss?  
The consequence  
of what you do to me Help me to name it  
Help me to name it Found yourself in a new direction  
Aeons far from the sun  
Can you come?  
Would they come to breach you?  
Let you know you're not the only one You can't keep hangin' on  
to all that's dead and gone  
If you built yourself a myth  
You'd know just what to give  
Do you lie?  
Oh, let the ashes fly Help me to name it  
Help me to name it
